# TRYING TO MEET

Kentucky Legislature Still Kept From the Capitol Building By the State Troops.

## ANOTHER EFFORT MADE TO GET IN.

The Members Allowed to Enter the Gates But Stopped at the Door of the Building.

Goebel is Still Alive, but Some of His Physicians Say That He Can Not Possibly Recover—The Leading Events at Frankfort.

Frankfort, Ky., Feb. 2.—The legislature is making progress. Wednesday it was hurried through the town and passed through the streets to the military. Yesterday a small portion of it was turned back at the gate of the state house grounds when an attempt was made to enter the capitol building. Later in the day it reached the door of the building and as a body it has strong hopes that the next attempt will take them into the legislative chambers.

At 4 o'clock printed notices were headed around the lobby of the capitol hotel, signed by Speaker Trimble asking all members of the legislature to meet at the west door of the hotel at 5 o'clock, preparatory to holding a session in the capitol building.

It was generally understood that admission would be refused, but the democrats determined to demand access to the building as a matter of form and to put the republicans upon record. At the appointed time the members fell into line and in a body of two, headed by the tall form of South Trimble, the march was taken toward the state house grounds.

On both sides and in the rear came a large crowd. As Speaker Trimble approached the gate, which was guarded by two sentries, the soldiers stepped back, lowered their bayonets and allowed the speaker to pass through. "Are you a member of the legislature?" asked one of the sentries.

"I am," replied the speaker, as he started up the brick walk toward the capitol.

The same question was put to the other members as they approached and when it came to the turn of the crowd, the sentries did the same every bunch, and every bunch answered in chorus, "I am." The legislature, which on roll call has 138 members, numbered 100 by the time the speaker was at the capitol steps.

Upon the landing at the top of the steps a long line of soldiers was drawn up under the command of Capt. Horace Cochran. Bayonets were fixed, the men stood firm, and it was evident to Mr. Trimble that the movement for negotiations had arrived. Approaching the captain, he said: "We demand admission to the hall."

"We are members of the legislature and desire to hold a session," replied Capt. Cochran.

"We have a right to enter this hall," said the speaker, and we demand that we be allowed to do so, in order that we may attend to the business of the state."

"I have orders to admit nobody, and you can not go in," was the reply. The speaker turned around and, standing upon the top step, he said to the crowd:

members of the house to meet in one of the hotel parlors. Forty-four members only were present at this morning quorum an adjournment was taken. The meeting was not originally intended as much for business purposes as to serve as a protest against the legislature was able to meet when it chose. The notice was posted in ample time to have allowed the soldiers to prevent the gathering.

The senate also held a short caucus and nominated Senator Carter, of Anderson county, to be president pro tem of the senate, a position heretofore held by Goebel.

## GOEBEL'S CONDITION.

Some of His Physicians Think He Will Recover, While Others Say Such a Thing is Impossible.

Frankfort, Ky., Feb. 2.—Gov. Goebel is still alive and resting easy. He has had a dozen doctors, and received of his condition vary according to the last physician who leaves his room. One doctor is confident that he will recover, and another generally admits that he is dying.

He has had several sinking spells with some difficulty. He seemed to rally less readily from each successive collapse. His kidneys have practically ceased their functions, and slight symptoms of pneumonia have appeared, but have not as yet become so serious to cause alarm in themselves. The doctors as a whole entertain no hope of his recovery.

## APPEALED TO MCKINLEY.

Gov. Taylor Asks the President to Intervene With the Federal Authorities.

Washington, Feb. 2.—Gov. Taylor has sent a communication to President McKinley which is in its nature a memorial. It goes at great length into the situation in Kentucky, making an explanation of the condition there. While definite and absolute information on this point is not obtainable, there is reason to believe that a specific request for the United States presence of federal troops is made. No action of any kind has been taken on Gov. Taylor's memorial.

Kentucky democrats will call upon the president and give the Goebel side of the case. Ex-Gov. McCracken and Warden Lillard, of the penitentiary, held long conversations with Mr. Blackburn, giving him the latest news from the local situation. When he received the information from Mr. Blackburn that he had been rendered practically certain that there would be no interference in Kentucky affairs by the national administration under any circumstances. Notwithstanding the expressed confidence of Mr. Blackburn, the delegation will call upon the president in the effort to wipe out all chance of federal interference.

Taylor Defied.

His Orders Blatantly by Two Public Officers—Mayor Fife and a Prisoner Held.

Frankfort, Ky., Feb. 2.—Two direct laws were given Gov. Taylor by public officers who declined to obey his orders. The first came from President Keadan, of the Farmers' bank, which is a state depository. Touchers on the bank were signed by Gov. Taylor in favor of some of the public officers who wanted money for their companies when they were presented at the bank payment was refused. President Keadan said that he did not see how he could give the money on orders signed by Gov. Taylor until he knew for certain who was the actual governor of Kentucky.

He declared that he would take no chance of paying out money until he was satisfied that he was acting under proper authority.

The second instance was when Gov. Taylor issued a pardon to Douglas Hayes, a convict in the Frankfort penitentiary who is serving a five-year term for manslaughter, having been sentenced in March, 1899. When the man was sent to Warden Lillard he decided that he could not turn the man loose until he was satisfied regarding the legal status of the governorship. He made no reply to Gov. Taylor, but declined to honor the pardon, and informed the penitentiary commissioners of his action. They agreed with the position taken by the warden, and the man was held.

## Next Step at the Legislature.

Frankfort, Ky., Feb. 2.—The legislature will take active steps to prevent Gov. Taylor from interfering with any sessions they may desire to hold in the legislative chambers. The speaker has asked from Judge Cantrell, of the fiscal court, restraining Gov. Taylor from interfering in any way with the proceedings of a legislative session. Gov. Taylor has announced before this that he would pay no attention to the orders of the public officers. The probability is that some trouble will ensue.

## Papers to Be Seized on Gov. Taylor.

Frankfort, Ky., Feb. 2.—Important legal action will probably be instituted against Gov. Taylor, with the object of compelling him to quit his office. The democratic attorneys have already prepared the papers in the case. The proceedings are expected to be in the nature of a writ of mandamus, demanding that he vacate the office of governor. It is practically certain that the Hon. J. S. Spratt found the road clear. The enemy was not to be seen.

# LOSSES—GROWING

British Casualties at Spion Kop So Far Reported, Number 1-995 Officers and Men.

## FIGHTING MAY HAVE BEEN RENEWED.

It is Believed That Gen. Buller's Forces are Again Assaulting the Boer Lines.

The Boers Are Constructing Defensive Works Opposite Potgieter's Drift—Change of Officers in the British Forces—Latest News.

London, Feb. 2.—Cable scraps received during the last 12 hours do not further illuminate the military operations. Various independent correspondents confirm the report that Gen. Buller told his troops on January 28 that he hoped to relieve Ladysmith within a week. It is believed in some rather trustworthy quarters that he is again assaulting the Boer lines.

A further list of casualties published by the war office brings the total from the crossing of the Tugela to the abandonment of Spion Kop to 1,553 officers and men.

Mr. Wyndham's remarkable declaration in the house of commons that Great Britain will have in a fortnight 180,000 regulars in South Africa, 7,000 Canadians and Australians and 25,000 South African volunteers is received with wonderment. Of this total of 213,000 troops, with 452 guns, all are

DAVID AND GOLIATH.

now there with the exception of about 18,000 that are unfit. Beyond comparison, this is the largest force Great Britain has ever put into the field.

At the end of the Boer war she had scraped together 80,000 men. Wellington at Waterloo had 25,000.

Mr. Wyndham's speech was the strongest defense the government has yet put forward as to what has been done since the war began. The general tone of the morning papers is that his figures will astonish the country. Roughly speaking, only 80,000 men are at the front. Ten thousand others have been lost, and 10,000 others are shut up at Ladysmith. Excluding these, there are 70,000 troops who have not yet been in action, in addition to those at sea.

Lack of transport and organization will not explain adequately why, when generals at the front request reinforcements, they get them in rather small numbers. Knowledge is slowly penetrating to London that large garrisons must be kept in Cape Colony to hold down the Cape Dutch, who, as every one knows, outnumber the British residents three to two.

## Boers Fortifying.

London, Feb. 2.—The Daily Telegraph publishes the following dispatch from Spierman's Camp, dated January 30:

"Col. Wynne has taken command of Gen. Woodgate's brigade. Col. Miles has been appointed chief of Gen. Buller's staff.

"The Boers are still constructing defensive works opposite Potgieter's drift. A strong cavalry reconnaissance proceeded to the westward in the vicinity of Hanger's Spruit."

## Boers Ridden a Line.

Stellenbosch, Cape Colony, Feb. 2.—A runner who has arrived here brought a letter from Alwal North, in which it is announced that the Boers have requested the line to Hagers Dorp, as their supplies were short at Stormberg. The plans being laid, the camp of the burghers, it is said, has been moved back to Stormberg Heights, which are still held.

## Found the Road Clear.

Spierman's Camp, Jan. 30.—Lord Dunderdonk's reconnaissance in the direction of Hanger's Spruit found the road clear. The enemy was not to be seen.

## Governor for Tutuila Delayed.

Washington, Feb. 2.—The Samoan treaty is now awaiting action by the cabinet, pending and handsomely. Notification of the favorable action of the United States senate has been sent to Berlin already, and no delay is expected in the German branch. Meanwhile, pending the exchange of ratifications, nothing can be done toward the creation of a government over the island of Tutuila, which becomes the sole possession of the United States.

FIRE IN A SCHOOL.

Sister Stanislaus and One of Her Pupils Were Suffocated by the Dense Smoke.

St. Louis, Feb. 2.—Two lives were lost by fire which partly destroyed St. Lawrence O'Toole's parish school on Fourteenth street. The victims were Sister Stanislaus and a pupil, Mary Foley, 10 years of age. They were imprisoned by a puff of smoke that no one could penetrate.

Firemen attempted to rescue them, but found the smoke an impassable barrier. They were afterwards found suffocated and unconscious in each other's arms. They died a few minutes after being carried to the hospital. Four hundred pupils escaped from the burning building without injury.

Sister Stanislaus was 24 years of age. Her nurse before she became a nun was Nellie Mahoney. Her mother and sister live in Scranton, Pa., and she has a brother in Kansas City and another in Little Rock. The loss on the building will not exceed \$5,000.

## UNEASINESS FELT.

The Miners and Operators Are at Present at Odds—The Cause of the Quarrel Over a State of Warfare.

Indianapolis, Ind., Feb. 2.—Indiana operators are still fighting against men of mine basis. The operators and miners are as far apart as ever. There is strike talk and much uneasiness felt by both operators and miners.

## The United Mine Workers' Journal says that a strike now would be a moral crime and its editor, W. C. Scott, declares that all non-union men in West Virginia and the anthracite fields of Pennsylvania would follow the calling out of 150,000 United Mine Workers and the wheels of progress would be tied up in a week.

## Consent Appointment Confirmed.

Washington, Feb. 2.—The senate has confirmed Edwin C. Gustafson, of Ohio, to be consul of the United States at Pernambuco, Brazil.

## Consul Commission Reach Manager.

Managua, Nicaragua, Feb. 2.—The American Consul General has arrived here. All the members are in good health.

## RIVER NEWS.

All the boats have gone into ice harbors above.

The Big Sandy and Guyan rivers are frozen over.

There are thirty boats now plying the Tennessee river.

The M. P. Wells passed down with a light load of coal.

There will be plenty of water when a good thaw comes.

The Queen City went to the bank upon her arrival at Pittsburgh.

The D. T. Lane left her tow at Vanceburg and went on to Kanawha light.

The fee is becoming most too heavy for safe navigation, and it is expected that the various packets will be forced to tie up.

With a falling river and full of ice that is too heavy for navigation there are no chances for a smile breaking a riverman's face these days.

The Adelle passed down from Parkersburg with a tow of coal that was loaded at Parkersburg. This is practically the first of this coal ever brought down the river. It is mined on the B. and O. road and loaded into barges at Parkersburg.

The owners of a large mill in St. Paul, Minn., are negotiating with the Mississippi Packet Company for the purchase of the big engines of the steamer Jesse K. Bell, which has been out of commission and laid up below Harvey's canal for several years.

Major Charles F. Powell, United States Engineer, preferred charges against Captain Finny Pollock, Master and acting pilot of the towboat Nellie England, of being under the influence of liquor January 2nd. It is alleged in the typewritten report furnished the steamboat inspectors by Major Powell that Captain Pollock was operating the towboat Nellie England recklessly and that in passing through lock No. 8, in the Monongahela river, the boat's tow became unmanageable and crushed against the walls, causing the tow property and causing considerable trouble.

The Big Sandy Navigation Company, which owns the Moxie tow, has consolidated with Captain G. Meek's packet interests, the former securing the latter's two boats, the Thawka and H. M. Stafford. In addition, they have secured the fine packet Argand of Captain Green at Charleston, and will use her. The Argand formerly ran on the Big Sandy and is the nearest and best equipped packet that was ever run on the border trade. The consolidation will go under the name of the Big Sandy Navigation Company, and with four boats will practically control all the business of the river.

The inspectors of steamboats for the Pittsburgh District will have plenty to do within the next thirty days. A number of complaints are being filed daily against rivermen and boat owners who it is alleged, have been violating the marine laws. The main charge is that quite a number of boats are operating with safety valves weighted down, allowing them excess steam. Captain George Atkinson and Isaac B. Williams, Pittsburgh Steamboat Inspectors, have been investigating the charges, and after a thorough investigation will file a report with United States District Attorney D. B. Hester, and then an interesting time is looked for. The rivermen and those interested in steamboats claim that they are in no way violating the law, and are vain that they are willing to make a stand to this effect. General James A. DuMont, Supervising Inspector of Steam Vessels of the United States, may come to Pittsburgh if necessary.

Greenup, Irons, Russell, Ashland, Catlettsburg and Huntington now have telephone connections.

Mr. and Mrs. George B. Caywood, who have been making their home at Ewing, will shortly go to Morehead to reside. Mrs. Caywood was formerly Miss Bertha Daulton of this city.

## IDENTIFY GEMS.

The Methods Adopted by Jewelers in These Days of Frequent Robberies.

By Mrs. H. H. H.

In these days of frequent robberies it is well to adopt some method of identification more sure than that of a simple recognition of one's own jewels. It is next to impossible to pick out one's own ring from a collection of twenty. An expert might do it, but few women can.

The best method is the jeweler's. Every piece of jewelry they own is marked with an identification number. It is scratched by the jeweler as soon as it is bought and entered on his registry book, a full description of the setting and each stone. Examine your rings with a microscope and the numbers will be found.

When an article of jewelry is repaired, this number, with its repair register number, is entered on the repair book wherever it is left. This is true of all articles of jewelry, but is particularly noticeable in the repair of watches. Every time a watch is cleaned its new number is scratched somewhere on the inside of the case. One can never desire a jeweler as to the length of time since the watch was last cleaned, as he has it registered in his books.

If you cannot make out a jewelry description list yourself, your jeweler will fill out the registry for you. Your chances of recovery in case of robbery are greatly increased.
